## DESCRIZIONE BELLE & SEBASTIAN. COLLEGE POP

Esistono gruppi pop che si limitano a scrivere canzoni e altri in grado di costruire un immaginario, di creare un culto. Stuart Murdoch e compagni appartengono alla seconda categoria. La loro invisibilità ha fatto scuola e il pubblico segue con premura ogni loro rara apparizione. Con una maniacale volontà di non apparire, i B&S mettono sulle loro copertine ingannevoli foto della band o dei numerosi componenti del gruppo. Di contro le loro melodie hanno un potere evocativo e una levità di tocco che rimandano ai maestri del pop, dai Beatles a Burt Bacharach. Ma ciò che rende così speciale la band di Glasgow è la capacità di parlare direttamente al cuore di chi nelle loro storie a tinte pastello trova rispecchiata un po' della propria vita.
